About Elementals. An Elemental is a spirit of nature, embodying four of the five elements of Earth, Water, Air, and Fire. Ether does not have a specific elemental spirit associated with it. All of the five elements are combined in different proportions to make up the whole of creation and all are, therefore, present in us. The energetic essence of elementals is quite unique and unlike anything ...

As the gnomes were limited in their function to the elements of the earth, so the undines (a name given to the family of water elementals) function in the invisible, spiritual essence called humid (or liquid) ether. In its vibratory rate this is close to the element water, and so the undines are able to control, to a great degree, the course and function of this fluid in Nature. Beauty seems ...
